My Brother Has Fallen

Submitted: Anonymous

My Brother has fallen; no, I don't know his name.
We have not the same parents, still family all
the same.
He lives in this town; I live in another,
It doesn't really matter 'cause this man is my Brother.

My Brother I call him, yet I've never seen his face.
I have brothers and sisters all over the place!
You see I am a firefighter and our families are one.

Around the world, a brotherhood of unity,
A closeness, a bond, most people don't see.
I'll watch his back; She'll watch mine,
"You go, I go," time after time.

His family's my family, Her family theirs,
We're part of one family where everyone cares.
I'll look after your kids, please look in on my wife,
Should that day finally come when I lay down my life.

We dedicate our lives helping our fellowman,
Living day after day doing all that we can.
Wherever we're needed whether nighttime or day,
To save the life of another we'll step in harms way.

My Brother has fallen doing what he loved best,
And among the Honored, he now stands with the rest.
For a mile in dress uniform here everyone stands
For my Brother has fallen, God into your hands.

Comments From The Desk of
Fire Chief Charles Gladman:

The entire Akron Fire Department is deeply saddened by September 11th's tragic and shocking events. As members of the nations fire service, we stand ready to offer our full support to any department needing our assistance.

To the hundreds of firefighters and police officers in New York who answered the call for help and will never come home, I say this: We will not forget you. To the firefighters and others who lie badly burned in Washington, DC area hospitals: We will not forget you. We will not forget your families or the sacrifices that all of you have made.

In Akron today, and everyday, we have men and women who answer the call, not knowing if this call will be their last. They are all heroes.

This was the speech given by Chief Gladman September 20th at E.J. Thomas Performing Arts Center during the Memorial Service for those who were injured or lost their lives in the September 11th tragedy in New York City.

Congratulations!

Neal Bierwirth was promoted to the position of Master Fire Equipment Foreman in August.

Mayor Donald Plusquellic administered the oath of office of Fire Lieutenant to Fire Arson Investigator Robert Wroblewski on August 13, 2001.

News Release: Mayor Gives Two Distinguished Service Awards:

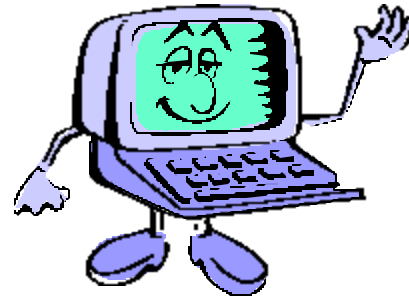

July 25, 2001 Mayor Don Plusquellic presented Distinguished Services Awards to Mike Reed of the Akron Fire Department's Medic 7 crew and also to Summit County Deputy Sheriff Gary Hall for their heroic efforts in stopping a man who was attempting suicide by jumping off the All-American Bridge.

On Tuesday, July 24, just a few minutes before 3:00 p.m., a passerby flagged down Deputy Hall who was working at the Sojourner Truth Building. Deputy Hall immediately drove to the scene and tried to convince the man to move from the far side of the handrail. In the meantime, A Metro RTA bus driver and several other witnesses called the Akron Fire and Police Dispatchers. Within about three minutes of the dispatch, Firefighter Reed and other medical personnel arrived on the scene and joined Deputy Hall in attempting to 'talk down' the man now sitting on the outside of the rail. After about 10 minutes of talking to the man, he moved closer to the edge and appeared ready to jump. With no regard for his own safety, Firefighter Reed grabbed the man and with Deputy Hall's help, pulled him over the guardrail and away from harm.

The man was immediately transported to St. Thomas by the Medic 7 unit, within about 20 minutes after the medical unit arrived on the scene. The man has a history of depression and had been under treatment at St. Thomas Hospital.

In awarding the Distinguished Service Awards to Reed and Hall, Mayor Plusquellic commented: "These two men represented their departments with courage and distinction. Our community should feel secure knowing that it is very well served by both the Akron and County safety forces. I am pleased to commend both of them." Firefighter Reed commented: "I didn't do anything that my sisters and brothers would not have done on the job." Deputy Hall said he too was just doing his job. Both men said they didn't have time to get scared.

According to Captain Stoneman, Battalion 2, at the time of the incident, "Mike Reed and Gary Hall stated that they will meet at Scorchers after they get off duty to let loose a little and play some table soccer. It is nice that firefighters and Deputy Sheriff's work so well together on and off the job."

Printing The Gridlines Of A Table

1. Click in any block of your table.
2. Go up to **Table** and click on **Select Table**.
3. Go to **Format** and click on **Borders and Shading**.
4. Select your border options and click on Ok.

Public Education

Submitted by: Lt. Al Bragg

Christine Ghinder raised \$200.00 about (80lbs.of coins) at her school and church for stuffed animals to give to children who have had fires. She decided to do this after watching the show ZOOM. Her penny drive lasted from March 1st through June 1st.

On Monday, September 10th the Akron Fire Department Public Education Office recognized her efforts and took her picture (inserted below) along with the stuffed animals to be given to children.

Courtney's Tree

Submitted by: John R. Gardner

Many of you are aware that I have been personally involved with a couple groups of very special kids at Mason Elementary School. They are in the hearing impaired classes. I had the privilege of meeting them while doing a fire safety talk about four years ago. Imagine my surprise when I walked into their room and found out that they could not hear. With the help of their wonderful teachers, Mrs. Crosley and Mrs. Hewlett, we got through the program. I instantly fell in love with these kids. I cannot imagine going through life unable to hear and the associated inability to speak clearly. Their strength and determination is indeed an inspiration to everyone. They have tried to teach me sign language. I can understand a little, but it is truly a 'foreign language' to me!

My talks with them over the years occur just prior to Christmas break. They have always invited me to join them in seeing the annual Christmas Tree Festival for Children's Hospital. I reciprocate by taking them to the Spaghetti Warehouse for lunch. Two years ago I asked them if they would like to enter a tree in the festival. They overwhelmingly said yes. Within 10 minutes of my return to the office I received a call from one of their teachers. They had already come up with a name and a theme for a tree. It was "A Tree of Love" and all of the decorations were sign language for "I love you".

This last year, ten-year old Courtney asked me if we could enter another tree in the festival. Upon receiving permission from their teachers, we agreed to make another tree for this year.

Unfortunately less than a month after making this decision, Courtney died from an unknown heart condition. This was extremely difficult on her class as well as on me. Her mother and younger sister survive Courtney. We are going to dedicate our tree this year to the memory of Courtney.

I have a very special request if anyone who reads this would like to get involved. I am personally donating the tree and all of the decorations. I would like to 'buy-back' the tree and give it to her mother and sister. The trees are auctioned off and the proceeds go to Children's Hospital. They are valued from around \$300 to well over \$1000. I would like to take any donations and apply it to the minimum bid. If there is any remaining money, it will be given to her mother for Christmas. They could definitely use it. I think it would help ease the pain of the first anniversary of her passing.

Please contact me or forward any donations to the Public Education Office. The 'buy-back' and donation of the tree will be attributed to the Akron Fire Department.

Thank you for your consideration....

Burn Camp

Submitted by: Mark Harper

The ACBC Burn Camp was held on August 5th – 10th, 2001 at the Akron YMCA Rotary Camp, in Portage Lakes. The children enjoyed a week of fun and a chance to experience new things and make a lot of friends. The children got the chance to go on the Cuyahoga Valley Scenic Railroad and for most of the children this was a first. Another first for most of the children came when the owners Dan & Diane of Skytech a hot air balloon along with the staff of Kinectico Co. donated as their community project hot air balloon rides to all the campers and volunteers. Leo's Ark provided the children with a chance to see fossils rare animals and do some fun experiments up close. Other activities included, bowling, putt-putt gulf, tie dying of t-shirts and a sixties dance.

Fire Truck Day has become the favorite day of camp and not just for the campers but for all involved in this camp. Fire Truck Day starts out with fire departments sending a piece of fire fighting apparatus out to camp for the children to have a chance to climb all over it, try on fire clothes and examine the tools. What started out with one fire truck going out to camp has grown into over 24 pieces of fire fighting apparatuses showing up at camp on Fire Truck Day. Each year the number of firefighters attending Fire Truck Day has grown also, with this year's total over sixty. After the children have look at the equipment and tried on the clothes one after another the hoses come off the trucks and then the water starts to fly. The main goal of this camp is for the children to have fun and all the

volunteers are more than up to the task of making sure they have all the fun they can handle. If you would like to become a part of putting laughter back into children who have lost all reasons to laugh please contact Cindy Campbell or Mary Mondozzi at Children's Hospitals Burn Center at 330-543-8813 to see how you can help or be apart of next years camp.

There are more pictures to view on the last few pages of this Newsletter.

Juvenile Firestoppers Referrals

If you are making a referral to our program on a fire report, we **must** have a phone number or contact person so that we can get the child enrolled. It would be helpful if we also had the child's name. Occasionally we receive a fire report that a kid set a fire, but we have no further information. This information can be included in the "reason for referral" box.

Thanks for your help in this matter.

Fire Training

Submitted by: District Chief Marcus Moore

On October 9 and 10, APD lieutenants and captains along with fire administrative staff will host a joint training session for WMD ICS at the Fire Academy, and share concerns for both police and fire interface at these incidents. Out of this may come procedural changes for the liaison and incident commander for joint operations.

One-year apprenticeship testing for the fall class of 2000 has been completed. These members were tested on their knowledge in the areas of forcible entry tools and appliances, protective equipment, first aid, ropes and knots, salvage, hose and appliances, ventilation and fire streams, search and rescue techniques, ladders, sprinklers, and safety. The officers who have apprentices assigned to them should be congratulated for doing such a fine job; it shows. Keep in mind all monthly training reports are due on the 7th of each month for each of the groups in the program.

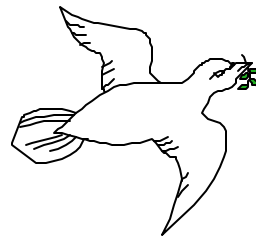

Fit for Fire. This will be an on going event until everyone has had an opportunity to complete. Scheduling for this event is being handled by Battalion 2. The shift commanders will ensure adequate coverage, and a smooth transition of the companies reporting for the drill.

We are hosting the Fitness Coordinator Training at the Fire Academy during the week of October 15th. The training grounds and classroom will only be available for limited times, so check before you come.

Strip Mall Training was made available this year. Thanks to the city's planning department and the captains from Battalion 9, many of you were able to do a variety of drills within the various buildings. Coordinated by Captain Case, headed up by Captain Case and Captain Stoneman, I believe we received one of the best hands on drills in quite a while.

Lt. Jetter at Station 6 also headed a water shuffle service drill with Copley Fire. The purpose of the training was to address the concerns for providing a fixed water supply for the unhydranted areas in their district. The training provided the west side companies an awareness of the different shuttle responses, and also demonstrates how the water service is set up. Based on the size of the structure, anticipated amount of fire, and the availability of a fixed adequate water supply, a decision to establish a water supply branch must be considered.

It's been a very busy year. I would like to thank the battalions at station 2 for taking on scheduling their shifts for all the different training modules, and everyone who has assisted in making things happen.

For the birds: A person without a **VISION** is going through life blind, never seeing what life has to offer and living in a world of one.

Fire Reporting

Submitted by: Brenda Wasson

There has been marked improvement in completing the fire reports.

Line #35 – Equipment Involved in Ignition, has been being filled out correctly with entries on lines 56, 57, 58, and 59. There is one update – if you have a car fire lines 51, 52, 53, 54, and 55 need to be completed. The information does not need to be duplicated on lines 56, 57, 58, and 59. Refer to NFIRS Instructions if you have any questions.

The 2000 Annual Report is nearing completion. YES, I did say the 2000 Annual Report. For the upcoming year, Battalion Captains need to keep their eyes open for any pictures that would be Annual Report worthy.

The United Way slips have been distributed and many have been received back in the Administration office. There have been changes to the form allowing your donation to be given to a specific agency, as well as, allowing your donation to be excluded from certain agencies. If you have and questions regarding the forms feel free to call me.

REMINDER: If you are ever in doubt, contact me at #2215 or Chief Ross at #2411, and we will be glad to assist you in completing the report. The State Fire Marshal will only send them back if they are not completed correctly.

NOTE:

It is really fantastic to see the dedication being given by our department to the cause in New York.

Until next newsletter.....keep up the fabulous job all you **Hardworking Firefighters.**

Enjoy the fall!!!!!!!!!!!!

Team Effort

Submitted by: Captain Terry Miller

I would like to thank everyone for the extraordinary effort that was displayed this summer in providing coverage for Lt. Dave Gurley. Starting from the second week of June until September, volunteers stepped up in his behalf. There were even cases of guys working two and three times. I was really surprised but in another way it wasn't surprising at all because firefighters have a way of coming together when it counts, and they know about team - work. Thanks to Chief Gladman and all the deputy chiefs for their support and also Lt. Marmaduke and Lt. Moss who helped make it work. Dave Gurley's 25th year anniversary was September 16th. I am sure he leaves with a good feeling that we cared.

Thank You!

EMS Bureau

Submitted by: District Chief Ed Hiltbrand

Just a few words to let everyone know the status of the AFD SWAT medics.

Fifteen individuals were selected and trained during the spring. On June 1, 2001 we went into service providing tactical emergency medical support for the Akron Police Department SWAT Team. Since that time, we have had '8' assists with the Akron Police Department. We were recently given specialized training with the Summit County Bomb Squad and will be assisting them when they respond to calls within the city limits.

This team was put together not by one individual but by many people. Teamwork by the Fire Administration, Police Administration, Police SWAT and Training, and the members of Local 330 made this specialty team a reality.

I want to personally thank everyone for their time, effort and hard work that made this possible. A very special thank you goes to Dr. Mary Jo McMullen, who with the blessing of Dr. Gradisek, stepped forward and was the driving force behind this endeavor.

I want everyone to know that I appreciate all their hard work and dedicated, caring service to the Citizens of Akron. Keep up the good work and stay safe.

BARCELONA 2003 T-SHIRT

SUPPORT TEAM AKRON FIRE AT THE NEXT WORLD POLICE & FIRE GAMES BY BUYING A T-SHIRT.

They will make great birthday and Christmas gifts or even a nice gift for yourself with your recent rebate check from the IRS.

See Dennis Stoneman or other members of Team Akron Fire for your orders. The shirts are \$15.00 each. They are available in several colors and most sizes are available.

Congratulations to the following participants in the State Fire & Police Games in Toledo, Ohio:

James Timoch – C Shift
Silver medal in field events

Dotson Jones – C Shift
Gold medal in field events

**Congratulations to the following participants
in the Fire & Police World Games in
Indianapolis, Indiana:**

Jessie Thornton – A Shift

Gold medal in racquetball doubles

Frank Poletta – A Shift

Gold medal in racquetball singles/doubles

Mike Harvey – C Shift

Bronze medal in wrestling

Dotson Jones – C Shift

Silver medal in the bench press

The volleyball team took 4th place.

but, people will never forget how you
made them feel.*

AFD Intranet

Submitted by: Lt. Richard Small

First I would like to congratulate Tim Smith for doing a fine job setting up the AFD Intranet. Tim is doing a good job keeping the site current with updated information that hopefully is helpful to you.

What is an Intranet ? Intranet does not mean Internet. An Intranet is an internal network of computers that allows us to share information that is not accessible to the outside world. The Internet is a link to a global network that connects a computer to the outside world. To use the AFD Intranet you don't need to have Internet access. All you need is an account to logon to any Fire Dept. computer which all should have. From the AFD Web page you have a direct link to the City of Akron's Intranet and APD's Intranet. Also if you need someone's phone number just click the link "City Directory" then type his or her last name in the phone search box. Some links are still under construction but here are a few things you can find on the AFD Intranet;

Fire Maintenance

Submitted by: Debbie Sebastian

CONGRATULATIONS

Neal Bierwirth was promoted to Master Fire Equipment Foreman at the Fire Maintenance Facility. Neal has worked for the City since 1977, and came to the Fire Department in October of 1995.

The Fire Department also welcomes two new Master Fire Equipment Mechanics. **Robert Carillon** and **William Matthew** joined the Fire Maintenance Facility August 27. **Bob** has been with the City since 1991, and worked as a mechanic for Motor Equipment. **Bill** came to us from Sewer Maintenance. He also has experience in the Water Department, and started his City of Akron career with Motor Equipment in 1990.

Another newcomer to AFD joined the Hydrant Division on August 13. **Richard Good** was hired as a Hydrant Repair Worker. **Rich** has been with the city since 1992.

Brother Firefighters

The events in the week of September 11 have brought to public view something that I have known for a long time, that is the caring and compassion of my fellow firefighters.

My family and I are going through a very difficult time and my extended family of firemen has graciously offered to help us in any way possible. This act of kindness will never be forgotten.

There is also no way of thanking everyone that has worked for me or prayed for us. This kind of resolve by firefighters for firefighters is what makes this profession so special to myself and to so many others.

The hectic schedules and treatments that my son Clayton is enduring have made it difficult to convey the gratitude that I owe each and everyone of you.

In closing, I want to sincerely thank everyone for their compassion during our trying times. There are no words that I can use to express my gratitude to each and every one of you. Just know that your acts of kindness is cherished by my entire family and deeply appreciated. They will never be forgotten.

Thank You,
The Johnston Family

Akron Fire Credit Union

Submitted by: Karen Blasdel

A new 24- hour Account Access Service has been installed and it is called MoneyLink. With this new service you will be able to get balance inquiries on share accounts and loans. You can also do account transfers, loan payment transfers and request loan advances from your open-end loan. On this system you can re-order checks, check on specific drafts on your account to see if they have cleared and you can also get transaction history on your account and do loan payment amortization. Information on how to access your account will be in the Financial Firehouse Quarterly Newsletter.

Local 330 has established an account at the credit union to benefit the families of the Fallen Firefighters in New York City. Donations to be made to the New York Firefighters Memorial Fund. At this time, \$30,000 has been collected.

I Want To Tell You Lies

I want to tell that little boy his mom will be just fine
I want to tell that dad we got his daughter out in time
I want to tell that wife her husband will be home tonight
I don't want to tell it like it is....
I want to tell them lies.

You didn't put their seatbelts on, you feel you killed your kids
I want to say you didn't...but in a way, you did.
You pound your fists into my chest, you're hurting so inside
I want to say you'll be ok....
I want to tell you lies.

You left chemicals within his reach and now it's in his eyes
I want to say your son will see, not tell you he'll be blind.
You ask me if he'll be ok, with pleading in your eyes
I want to say that yes he will...
I want to tell you lies.

I can see you're crying as your life goes up in smoke
If you'd maintained that smoke alarm, your children may have woke.
Don't grab my arm and ask me if your family is alive.
Don't make me tell you they're all dead...
I want to tell you lies.

I want to say she'll be ok, you didn't take her life
I hear you say you love her and you'd never hurt your wife.
You thought you didn't drink too much, you thought that you could drive
I don't want to say how wrong you were...
I want to tell you lies.

You only left her for a moment, it happens all the time
How could she have fallen when you thought she couldn't climb?
I want to say her neck's not broke, that she will be just fine.
I don't want to say she's paralyzed...
I want to tell you lies.

I want to tell this teen his buddies didn't die in vain
Because he thought it would be cool to try and beat that train.
I don't want to tell him that this will haunt him all his life.
I want to say that he'll forget...
I want to tell him lies.

You left the cabinet open and your daughter found the gun.
Now you want me to undo the damage that's been done.
You tell me she's your only child, you say she's only five.
I don't want to say she won't see six...
I want to tell you lies.

He fell into the pool when you went to grab the phone.
It was only for a second that you left him there alone.
If you'd let the phone just ring perhaps your boy would be alive.
But I don't want to tell you that...
I want to tell you lies.

The fact that you were speeding caused that car to overturn,
And we couldn't get them out of there before the whole thing burned
Did they suffer? Yes, they suffered, they were slowly burned alive
But I don't want to tell you that...
I want to tell you lies.

But I have to tell it like it is, until my shift is through
And then the real lies begin, when I come home to you.
You ask me how my day was, and I say it was just fine.
I hope you understand, sometimes...
I have to tell you lies.

Movie Reviews

Submitted by: Marilyn Newman

PLANET OF THE APES

STARRING: *Mark Wahlberg, Tim Roth, Helena Bonham-Carter & Michael Clark-Duncan*

Did you like the Charlton Heston version?? Come on, admit it, you did. This version is just as good with better special effects. The story is the same concept, but the story is quite a bit different from the original. Different enough that it doesn't seem the same old, tons of action and lots of violence. Tim Roth turns in an excellent performance as the leader of the ape's army. He is down right scary at times. Under no circumstance should you consider taking kids under the age of 13. An extremely dense couple sitting next to me brought their 5-year-old and she could not sit still and was terrified. What is wrong with people???

I give this one 3 alarms, though I'm still partial to Charlie's version.

AMERICA'S SWEETHEARTS

STARRING: *Julia Roberts, John Cusak, Billy Crystal & Catherine Zeta-Jones*
WRITTEN & DIRECTED BY:
Billy Crystal

Okay, so this IS a chick flick, but that doesn't mean you're not going to like it. This movie is well directed and written with some great characters, not to mention loads of laughs. You can't go wrong with Billy Crystal. I know he's had a couple of stinkers over the last few years, but this movie more than makes up for say "My Giant". He is hilarious along with the lead players Julia, John and Catherine. Catherine Zeta-Jones shows that not only is she beautiful and wonderful dramatic actress, but WOW can she do comedy. No kids this is a sophisticated comedy about Hollywood. There is lots of sexual content, if not actual sex and lots of foul language and innuendo. Children over 17 only. Three huge belly laughs along with my 3 alarms.

THE OTHERS

STARRING: *Nicole Kidman*

This is an old fashion ghost story that has suspense reminiscence of "The Sixth Sense", with Bruce Willis, or even some of Hitchcock's films. Poor woman stranded alone with two small children, in the big ol'house. You've got the picture. I don't want to ruin any plot lines for you. There are some very chilling parts, they actually got a scream out of me at one point. This, of course, intrigues me. I have seen so many of this kind of film that I probably could write one myself. So, I don't often get a good scare much anymore. I am not a big Nicole Kidman fan. Her screen career has been lackluster at best, but she was exceptional in this role. There is a minor sex scene and no foul language, but the content makes this unsuitable for kids under 13. Too scary. I'm reaching out from under the bed and handing you 2 1/2 alarms.

ADDITIONAL NOTE: I have just finished reading all four of the “Harry Potter” books and loved them immensely. Can’t wait for the Movie, which arrives in the theaters in November.

Movies ‘For Sale’ \$3.00 per tape
Call Marilyn Newman for details at #2411.
